Dear Dr Wang

Thank you for your application for Australia-China Council (ACC) funding for your project Workshop on Developing an Australia-China Research Centre for Coastal Zone Development. The Council was impressed with your project. I am pleased to advise you that the Council has agreed to provide you with funding of \$33,000 (including GST) towards your project.

I will separately email the complete funding package, comprising the Department of Foreign Affairs and Trade (DFAT) Funding Agreement, Funding Acceptance Form and Acquittal Form. If you agree to the conditions of the funding, please sign both copies of the DFAT Funding Agreement and initial all pages; complete the Funding Acceptance Form; and return one copy of the Funding Agreement and the Funding Acceptance Form to the ACC Secretariat by 30 March 2010. As per clause 2 of the Funding Agreement, the ACC must receive a tax invoice for \$33,000 (including GST) to pay you the grant and this is normally only payable four weeks before your project commences.

For your information, DFAT is responsible for administering a number of discretionary grant programs, most of which are managed by the Department's Foundations, Councils and Institutes, of which the ACC is one. This is why we are using the DFAT Funding Agreement.

We look forward to hearing back from you within 30 days of project completion with a completed Acquittal Form including a report on the outcomes of the project and an acquittal of the amount provided. The Council wishes you every success with this project and your future endeavours.

Yours sincerely,

Rachael Cunliffe
Manager, ACC Secretariat
